Subjects and Titles

A

Abnormal instantaneous axes of rotation in patients with neck pain, Amevo B, Aprill C, Bogduk N, 748
Acromegaly, cervical myelopathy in, 1542
Acute normovolemic hemodilution combined with hypotensive anesthesia and other techniques to avoid homologous transfusion in spinal fusion surgery, Hur S-R, Huizenga BA, Major M, 867
Age and gender related normal motion of the cervical spine, Dvořák J, Antinnes JA, Panjabi M, Loustalot D, Bonomo M, S393
Age-related phenomena in the lumbar intervertebral discs: Lipofuscin and amyloid deposition, Yasuma T, Arai K, Suzuki F, 1194
Amyloid, age-related levels in discs, 1194
Analysis of errors in kinematic parameters associated with *in vivo* functional radiographs, Panjabi M, Chang D, Dvořák J, 200
Analysis of spinal cord evoked potential and locomotor function during acute spinal cord compression in cats, Iwahara T, Watakabe M, Imai M, Takemitsu Y, 1375
Aneurysmal bone cyst of a thoracic vertebra: Treatment by selective arterial embolization and excision, Dysart SH, Swengel RM, van Dam BE, 846
Aneurysmal bone cyst of the axis treated by laminoplasty with autogenous iliac bone, Tokunaga Y, Hirabayashi K, Toyama Y, Satomi K, Fujimura Y, S57
Angiolipoma, spinal extradural, 719
Ankylosing hyperostosis, stenosis of lumbar canal in, 1213
Anterior cervical discectomy and fusion: A comparison of techniques in an animal model, Zdeblick TA, Wilson D, Cooke ME, Kunz DN, McCabe R, Ulm MJ, Vanderby R, S418
Anterior decompression, structural bone grafting, and Caspar plate stabilization for unstable cervical spine fractures and/or dislocations, Garvey TA, Eismont FJ, Roberti LJ, S431

Unilateral facet dislocation of the lumbosacral junction, Connolly PJ, Esses SI, Heggeness MH, Cook SS, 1244
Universal model of the lumbar back muscles in the upright position, Bogduk N, Macintosh JE, Pearcy MJ, 897
Unusual complication of the anterior approach to the spine: Humeral artery occlusion, Manzone P, Onimus M, Laurain JM, Combe J, 1544
Unusual sign of a Jefferson fracture, Siegel M, Alberts R, 605
Use of autologous blood in the surgical treatment of spinal disorders, Oga M, Ikuta H, Sugioka Y, 1381
Use of dynamic magnetic resonance imaging to identify cervical spine disc herniation and cord compression, Guyer RD, Hochschuler SH, Spivey MA, Ohnmeiss DD, Castleman C, 596
Use of freeze-dried fibular allograft in anterior cervical fusion, Grossman W, Peppelman WC, Baum JA, Kraus DR, 565
Use of instant moiré photographs to reduce exposure from scoliosis radiographs, Denton TE, Randall FM, Deinlein DA, 509
Use of preoperative erythropoietin in scoliosis surgery, Roye DP Jr, Rothstein P, Rickert JB, Verdisco L, Farcy J-P, S204
Use of the International Classification of Diseases (ICD-9-CM) to identify hospitalizations for mechanical low back problems in administrative databases, Cherkin DC, Deyo RA, Volinn E, Loeser JD, 817

V
Value of somatosensory evoked potential testing for upper lumbar radiculopathy: A correlation of electrophysiologic and anatomic data, Saal JA, Firtch W, Saal JS, Herzog RJ, S133
Variability of response of scoliotic spines to segmental spinal instrumentation, Osebold WR, Yamamoto SK, Hurley JH, 1174
Vascular complications of spinal surgery, 1544
Ventilator therapy, in respiratory failure in scoliosis, 714
Vertebral artery injury associated with cervical spine fracture, Deen HG Jr, McGirr SJ, 230
Vertebral burst fractures: An experimental, morphologic, and radiographic study, Fredrickson BE, Edwards WT, Rauschning W, Bayley JC, Yuan HA, 1012
Vibration
affecting intervertebral disc physiology, S7
determination of spinal loading in, 682
and dynamics of lumbar intervertebral joints, 93
and low back symptoms in bus drivers, 1048
whole-body, and back pain in fork-lift truck drivers, 59
Volvo Awards
in clinical sciences, 998
in experimental studies, 1012, 1022

W
Wear studies for development of an intervertebral disc prosthesis, Hellier WG, Hedman TP, Kostuik JP, S86
Wedge osteotomy for the correction of post-traumatic kyphosis, Gertzbein SD, Harris MB, 374
Which disc as visualized by magnetic resonance imaging is actually a source of pain?: A correlation between magnetic resonance imaging and discography, Horton WC, Daftari TK, S164
Wiring, sublaminar, neurologic complications after, 441
Workers compensation, and predicting return to work for back pain patients, 629

Z
Zygapophyseal joint pain, 744

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION (Act of August 2, 1970: Section 3685, Title 39 United States Code) Date of Filing—October 1, 1992. Title of Publication—Spine; Frequency of Issue—16 times a year; Annual Subscription Price—$180.00; Location of Known Office of Publication—100 Insurance Way, Suite 114, Hagerstown, MD 21740; Location of Headquarters or General Business Offices of the Publisher—J.B. Lippincott Company, East Washington Square, Philadelphia, PA 19106; Publisher—J.B. Lippincott Company, 227 East Washington Square, Philadelphia, PA 19106; Editor—Henry LaRocca, MD, 1318 Foucher, Rear, New Orleans, LA 70115; Managing Editor—Lynda Krumpholz, 227 East Washington Square, Philadelphia, PA 19106; Owner—J.B. Lippincott Co., 227 East Washington Square, Philadelphia, PA 19106; Known Bondholders, Mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities—Wolters Kluwer, U.S. Corporation, 1185 Avenue of the Americas, 37th Floor, New York, NY 10036. A. Total no. copies printed (*net press run*) average 10,058, actual 9,800; B. Paid circulation 1. Sales through dealers and carriers, street vendors and counter sales, average none, actual none; 2. Mail subscriptions, average 8,825, actual 8,795; C. Total paid circulation, average 8,825, actual 8,795; D. Free distribution by mail, carrier or other means. Samples complimentary, and other free copies, average 235, actual 244; E. Total distribution (*sum of C and D*), average 9,060, actual 9,039; F. Copies not distributed 1. Office use, leftover, unaccounted, spoiled after printing, average 998, actual 761. Returns from news agents, none; G. Total (*sum of E & F—should equal net press run shown in A*), average 10,058, actual 9,800. I certify that the statements made by me above are correct and complete. J.W. Lippincott, Vice President.
